## Application – iOS Engineering at Polarsteps

Dear Ladies and Gentlemen,

### About me

---

It's important to me that you're happy. If you do too much it's going to lose its effectiveness. Of course he's a happy little stone, cause we don't have any other kind. You have to make almighty decisions when you're the creator.

### Why Company1?

---

Remember how free clouds are. They just lay around in the sky all day long. Isn't it fantastic that you can change your mind and create all these happy things? There's not a thing in the world wrong with washing your brush. The first step to doing anything is to believe you can do it. See it finished in your mind before you ever start.

### Why me?

---

Absolutely no pressure. You are just a whisper floating across a mountain. If you don't think every day is a good day - try missing a few. You'll see. Let's go up in here, and start having some fun We'll paint one happy little tree right here. Exercising the imagination, experimenting with talents, being creative; these things, to me, are truly the windows to your soul.

You can do anything your heart can imagine. Be careful. You can always add more - but you can't take it away. Anything you want to do you can do here. Son of a gun.

This is probably the greatest thing that's ever happened in my life. Anyone can paint. Let's get crazy. Get tough with it, get strong.

I want everybody to be happy. That's what it's all about. All kinds of happy little splashes. Let your heart take you to wherever you want to be. You can work and carry-on and put lots of little happy things in here.
